Accommodation: Single or shared rooms all ensuite with TV, Tea/Coffee making facilities, room safe, heating!

Early arrival (before Friday night): possible with sufficient notice

Accommodation basis: Half Board – Dinner, Bed and Breakfast. Lunch and snacks available 10-5 each day to order/purchase.

Extras whilst on site: CASH only – no credit or charge to room facilities

Cost of Accommodation Package:

Shared twin/double or two-roomed unit	£240 per person
Single use of non-single room	£280 per person
Rate per night (minimum 3 nights)	£45 per person

The main track venue would be Leisure 2, as used for 2012 events. Additional pit space would be created in the portable club track room, the track would be removed. In addition the TV lounge with PA link for announcements would be available for further pit space. The Coffee Shop (Rendezvous) would also offer some space for a display or exhibition, such as a Scalextric set-up.

Meal times would be made flexible so that competitors can take part in all practice and racing when they need to. As half the guests would be racers the seating for meals would be in the main body of the restaurant and full table service would be offered as normal.

Snacks and lunches will be available all day by buying direct or ordering through the Rendezvous outlet. The food available will range from sandwiches and baguettes to toasties, burgers, pizza wedges and chips as well as the selection of cakes and hot and cold beverages in Rendezvous.

Booking and payment for accommodation will need to be in advance direct with Ant Hawkes and the official 2013 website.

Unusual dietary needs can be catered for if we are advised at the time of booking. (We cater for gluten and lactose-free as a matter of course and diabetic-friendly foods are always available). We cannot provide kosher or halal food items.

Wifi internet connection will be available.

Charlie Gooding will be coordinating the event alongside the BSCRA. A website for registration and information will be available at the earliest opportunity.

Official practice will be from the Friday. All racers are welcome to the BSCRA 24th Nationals that will take place two months before in August. (Venue to be decided)

Most racers know the current UK track and apart from being refurbished it will be exactly the same as for the Worlds in 2008.
